DIEFFENBACHIA SPP.

DUMB CANES

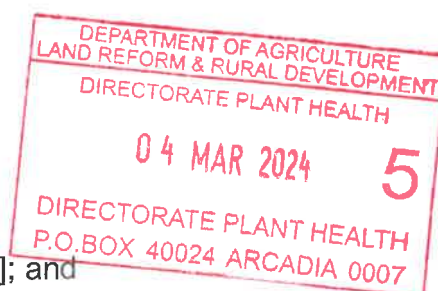

ARACEAE

ROOTED PLANTS/CUTTINGS EX GLASSHOUSE [NOT OLDER THAN 10 WEEKS AND/OR HEIGHT NOT TO EXCEED 200MM]

1. Additional declaration on the phytosanitary certificate that -

1.1. the consignment is free from -

- (a) *Synchytrium endobioticum*
- (b) *Phymatotrichopsis omnivora*
[Syn. *Phymatotrichum omnivorum*]
- (c) *Frankliniella occidentalis*
- (d) *Liriomyza* spp.
- (e) *Aphelenchoides besseyi*
- (f) *Aphelenchoides fragariae*
- (g) *Aphelenchoides ritzema-bosi*
- (h) *Ditylenchus destructor*
- (i) *Ditylenchus dipsaci*
- (j) *Tetranychus canadensis*
- (k) *Tetranychus mcdanieli*
- (l) *Tetranychus pacificus*
- (m) *Tetranychus schoenei*
- (n) *Tetranychus viennensis*
- (o) *Eotetranychus pruni* [Syn. *E. pomii*]; and
- (p) *Eotetranychus sexmaculatus*

1.2. the plants were rooted, cultivated and are packed in a sterilised medium free from soil particles.

1.3. the parent plants were inspected during active growth and were found to be free from -

- (a) *Phytophthora* spp.; and
- (b) *Erwinia chrysanthemi*

or

that these organisms do not occur in the area of production.

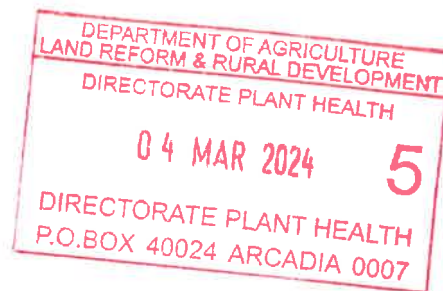

DIEFFENBACHIA SPP.

DUMB CANES

ARACEAE

TISSUE CULTURES IN VITRO

1. Additional declaration on the phytosanitary certificate that the tissue was derived from mother plants practically free from virus diseases or any other disease.

COLOCASIA SPP

ARACEAE

The following *Colocasia spp* are prohibited in South Africa due to high weediness potential:

Colocasia gigantea
Colocasia tonoino

ROOTED PLANTS EX GLASSHOUSE [NOT OLDER THAN 10 WEEKS AND/OR HEIGHT NOT TO EXCEED 200 MM]

1999-11-10

1. Additional declaration on the phytosanitary certificate that-

the country of production is free from

- (a) *Conochetes punctiferalis* [Pyralidae]
- (b) *Geococcus coffeae* [Pseudococcidae]
- (c) *Maconellicoccus hirsutus* [Pseudococcidae]
- (d) *Patchiella reaumuri* [Aphididae]
- (e) *Planococcus minor* [Pseudococcidae]
- (f) *Rastrococcus invadens* [Pseudococcidae]
- (g) *Spodoptera littura* [Noctudae]
- (h) *Stenotarsonemus furcatus* [Tarsonemidae]

OR

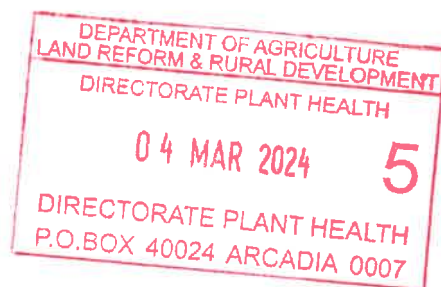

The consignment was inspected and found free from these organisms

1.2 the country of production is free from

- (a) *Hirschmanniella miticausa*
- (b) *Rhadopholus similis*

OR

the consignment was tested and found free from these organisms

COLOCASIA SPP

ARACEAE

The following *Colocasia spp* are prohibited in South Africa due to high weediness potential:

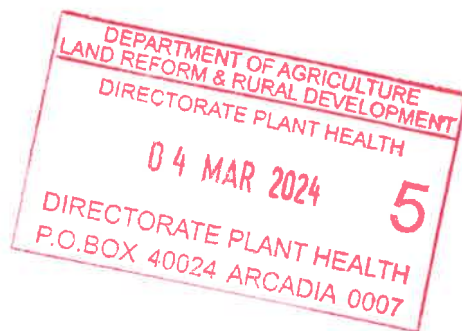

Colocasia gigantea

Colocasia tonoi

IN VITRO PLANTS

No additional declaration on phytosanitary certificate required.

CANNA SPP.

CANNA, ARROWROOT

CANNACEAE

ROOTED PLANTS/CUTTINGS LESS THAN 2 YEARS IN AGE

Import of the following species is prohibited based on The Conservation of Agricultural Resources Act, 1983 (Act no. 43 of 1983).

1. *Canna indica*

The following species is listed in terms of the National Environmental Management: Biodiversity Act 2004 (Act No, 10 of 2004)

Category 1b (Prohibited) [Except sterile cultivars or hybrids]

1. *Canna indica* L.

1. Additional declaration on the phytosanitary certificate that -

1.1 *Pseudomonas solanacearum* does not occur in the area of production

1.2 the consignment is free from -

- *Synchytrium endobioticum*
- *Phymatotrichopsis omnivora*
- [Syn. *Phymatotrichum omnivorum*]
- *Aphelenchoides fragariae*
- *Aphelenchoides ritzema-bosi*
- *Ditylenchus destructor*
- *Ditylenchus dipsaci*

N. Elgoba

1.3 Country of production is free from

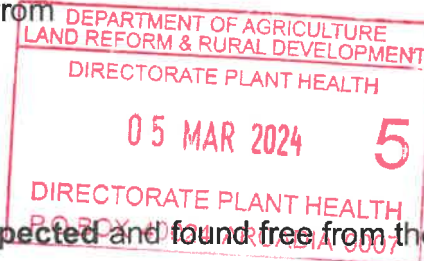

- *Xylella fastidiosa*

OR

that the consignment was inspected and found free from these organisms

AND

the consignment was laboratory tested and found free from these organisms

2. To be consigned in the name of the importer to -

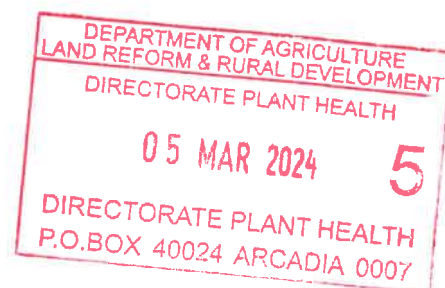

The Department of Agriculture Forestry and Fisheries
Private Bag X5015
Stellenbosch
7599

OR

Polkadraai Road (R310),
Stellenbosch,
7599

Plant Quarantine Bookings MUST be made with Mr. Haroon Ahmed (Tel: 021 8091617) or e-mail: HaroonA@daff.agric.za, BEFORE entry into the South Africa.

3. Quarantine label to be affixed to the parcel.
4. Importer shall be responsible for Customs clearance and any other costs.
5. Parcel to be opened under supervision of an officer of this Directorate.
6. The plants were packed in sterilized medium free from soil particles.
7. Rooted plants to be free from fruit/seed/pods.

Agriculture, Forestry and Fisheries
REPUBLIC OF SOUTH AFRICA

DIRECTORATE: PLANT PRODUCTION

GENERAL INFORMATION TO IMPORTER/PERMIT HOLDER/AGENT

PLANT IMPROVEMENT ACT, 1976 (ACT NO. 53 OF 1976)

Please note that if a kind of plant (e.g. (sunflower, maize, etc.) has been declared in terms of the plant Improvement Act, 1976(Act No. 53 of 1976) and a variety list is in existence for such a kind of plant, the name of variety that is to be imported must appear on the variety list.

If the variety name does not appear on the variety list, authorization must be obtained to import a variety of such a kind of plant.

In order to obtain such authorization, or in the case of any uncertainty, please contact the register: Plant Improvement for assistance at the following contact details:

Directorate: Plant Production
Ms. Joan Sadie
Tel: (012) 319 6034
Fax: (012) 319 6353

or write to The Registrar: Plant Improvement, Private Bag X250, Pretoria, 0001.

GENERALLY MODIFIED ORGANISMS ACT, 1997 (ACT NO. 15 OF 1997)

Subject to the provisions of sub regulation 2 of the Genetically Modified Organisms Act, 1997 (Act No. 15 of 1997), all activities with genetically modified organisms (GMO'S) are subject to a permit.

Application forms for the permit, export, development, production, use, release or distribution of any GMO's can be obtained from the registrar for GMO'S at the numbers below.

In order to import, please take note that a permit for importation can only be issued once approval for the development, production, use, release, or distribution of the GMO has been granted. All activities must be approved by the executive council before the registrar can issue a permit.

Please accept the above as a guideline, but take note that all stipulations of the relevant Acts in SA should be complied with and that a permit issued in terms of the GMO Act does not exempt the permit holder from any other Act, ordinance or agreement.

For assistance please contact:

GENERAL INFORMATION TO IMPORTER/PERMIT HOLDER/AGENT

PLANT IMPROVEMENT ACT, 1976 (ACT NO. 53 OF 1976)

Please note that if a kind of plant (e.g. (sunflower, maize, etc.) has been declared in terms of the plant Improvement Act, 1976(Act No. 53 of 1976) and a variety list is in existence for such a kind of plant, the name of variety that is to be imported must appear on the variety list.

If the variety name does not appear on the variety list, authorization must be obtained to import a variety of such a kind of plant.

In order to obtain such authorization, or in the case of any uncertainty, please contact the register: Plant Improvement for assistance at the following contact details:

Directorate: Plant Production
Ms. Joan Sadie
Tel: (012) 319 6034
Fax: (012) 319 6353

or write to The Registrar: Plant Improvement, Private Bag X250, Pretoria, 0001.

GENERALLY MODIFIED ORGANISMS ACT, 1997 (ACT NO. 15 OF 1997)

Subject to the provisions of sub regulation 2 of the Genetically Modified Organisms Act, 1997 (Act No. 15 of 1997), all activities with genetically modified organisms (GMO'S) are subject to a permit.

Application forms for the permit, export, development, production, use, release or distribution of any GMO's can be obtained from the registrar for GMO'S at the numbers below.

In order to import, please take note that a permit for importation can only be issued once approval for the development, production, use, release, or distribution of the GMO has been granted. All activities must be approved by the executive council before the registrar can issue a permit.

Please accept the above as a guideline, but take note that all stipulations of the relevant Acts in SA should be complied with and that a permit issued in terms of the GMO Act does not exempt the permit holder from any other Act, ordinance or agreement.

For assistance please contact:

Directorate: Genetic Resources
